

ColegauCymru Annual Conference 2025

Growth, Opportunity and Fairness

The Future of Further Education in Wales

23 October 2025

Cardiff City Stadium

Overview

Colegau Cymru is delighted that our Annual Conference will return on 23 October 2025 at Cardiff City Stadium.

With a packed agenda, the Conference promises to bring together 200 key stakeholders, educators and industry leaders, from across Wales and beyond to demonstrate the value of further education and share thinking on the challenges ahead.

The event will offer a time to reflect and network, and crucially look to the future together, as we embrace the transformational changes ahead in the way post-16 education is governed and delivered in Wales. The Conference will also provide an opportunity for delegates to consider what Wales needs from colleges in the future, and how we can collectively address the changing skills needs both today and in the future. Colegau Cymru is committed to working with the Welsh Government and sector partners to deliver a stronger, greener and fairer Wales.

About ColegauCymru

We are an education charity which promotes the public benefit of further education in Wales. We believe that all learners have the right to world-class education, delivered in a safe, diverse and inclusive setting and within a sector which supports the wider community, employers and the economy.

We also convene the Further Education Principals' Forum, which represents the interests of further education providers.

We undertake research and policy development and provide practical support to the FE community. Working closely with Medr, Welsh Government and their agencies, and other stakeholders, we help shape policies affecting the FE sector, their learners and staff.

We also provide members with a range of professional support services that help enhance learner outcomes whilst enriching the learning experience.

Our Vision

World-class
further education
for Wales

Our Mission

Demonstrate the value
of further education to
all learners, society and
the economy

About The Conference

This year's Colegau Cymru Annual Conference will focus on Growth, Opportunity and Fairness – and how the FE sector can drive positive change for learners, communities, and the economy in Wales.

With the Senedd 2026 election on the horizon, the Conference will explore what the sector needs from the next Welsh Government to thrive and to deliver on its full potential.

The programme will feature keynote speeches, panel discussions, and interactive workshop sessions addressing key opportunities and challenges for the future of further education.

An exhibitor space offers the chance to connect with your target audience, raise your profile, and build lasting relationships. There will also be extensive networking opportunities throughout the day.

Event Highlights
